DETAILED ACTION

Election/Restrictions

Claims 6-22 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention/species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 09/24/2004 [applicant did not present any arguments to the restriction requirement, see previous office action mailed 12/16/2004].

Response to Arguments

Applicant's arguments filed 03/16/2005 have been fully considered but they are not persuasive.

Applicant argues that independent claim 6, requires, among other things, a series of magnetic metallic strips disposed on each of first and second portion of two or more outer layers and on each or more inner layers. None of the references of record disclose or suggest, alone or in combination with one another and/or with ordinary skill in the art such a series of magnetic metallic strips.

The examiner disagrees.

Claims 6-22 have been withdrawn from consideration as to non-elected invention/species in the paper filed 09/24/2004 without traverse.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO**

Art Unit: 2832

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
